MIRROR PIONEER PASSES AWAY

H. J. Raymer Called By Death on Christmas Night

The news of the death of Herman James Raymer came as a shock to the community on Christmas night. He had been taken sick some time on Sunday night, and as Dr. K. McManis was in Edmonton, Dr. Demorest, of Bashaw, and Jenkins, of Alta. were called to attend on Monday morning. His removal to the hospital at Camrose was decided on and he was taken there in the afternoon, accompanied by Dr. Demorest, and G. W. Kohler, on Mirror, but passed away after being taken off the train.

The deceased had been in ill different health for the past few years and was subject to periods of attack of intestinal obstruction and it was one of these attacks that culminated in his death.

The late Mr. Raymer was born in London, England, on the 26th day of August, 1861, and was therefore over 71 years of age. He came to Canada when quite young and lived until manhood at Newmarket, Ont. Later on he spent considerable time in different parts of B.C. and in Winnipeg, Man., finally coming to Mirror, 1911, where he acted as agent for the Transcontinental Telephone Co. Ltd. While here he was identified with many insurance business and was a notary public and justice of the peace for many years.

What Have We Done Today?

We shall do so much in the year as we shall do in the day. But what have we done today? We shall give our gold in a princely sum.

We shall lift the heart and dry the tear, We shall plant a hope in the place of fear.

We shall speak the words of love and cheer, We shall do what we speak today.

We shall be so kind in the afternoon, We shall bring to each lonely life a smile.

We shall give what we brought today, We shall give to truth a grander birth.

We shall stand fast in a deep and true belief, We shall find the hungering souls of earth.

We shall stand fast in a deep and true belief, We shall find the hungering souls of earth.

Remove Immigration Restrictions

The Canadian Immigration Commission has been set up to study the immigration problem in Canada. It is the first time since 1914 that such a commission has been appointed. The commission will report to the government on the immigration problem in Canada. It will also recommend measures to be taken to remove the restrictions on immigration.

It is the opinion of the commission that the immigration restrictions in Canada are too strict. It recommends that the restrictions be removed. It also recommends that the government should take steps to attract more immigrants to Canada.

CASTORIA

CASORIA

Castoria is *strictly* a remedy for Infants and Children. Food is specially prepared for babies. A baby's medicine is even more essential to baby. Remedies prepared for grown-ups are not interchangeable. It was the need for a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and we are certain has come about for it to find use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Calomel or Opium, Brandy and Senna. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its base is Castor Oil, with purest Glycerine, and Sugar. It has been in constant use for the relief of Constipation, Flatulency, Wind, Colic, Diarrhoea, and all the other ailments of Infants, Children, and the Sick. It is a safe, reliable, and effective remedy, and by regulating the Stomach and Bowels, aids in the assimilation of Food, gives the child a natural sleep. The Children's Comfort—The Mother's Friend.

"COLD IN THE HEAD"

These studies on migration control in the United States have been limited to the period since 1950. The only study of migration control in New York State dates back to 1846 per cent of the rural children and 74 per cent of the city children were born in New York State. The same figure has been obtained by investigations carried out in this country many years later. The children of immigrants in the United States of Canada, which says that the view that there is no such, and that the children of immigrants are not among country children that among city children is shared by the majority of the parents and the majority of the children. A slight shift in the view that those who have made a study of the children hold the view that country children are not among city children.

OAT THIEF CAPTURED IN SHORT ORDER

From Magistrate Gray, Huttell, And Fines \$50 and Costs

Justice, and sure was handed out to Robert Dykstra when a complaint was made by Constable Crouseley of the A.P.F. detachment on Monday morning by J. Caneless, ten miles east of town, who reported loss of oats from his granary. Constable Crouseley left immediately for the scene and before long had traced the foot-prints of the thief to his home. Arrest followed and he was taken to Stettler where before Magistrate Billy Gray he was found guilty and taxed \$50 also costs or two months in jail. He paid the fine.

Sir William Price and Mr. C. B. McLaughlin had been added to the board of directors during the year, and the entire board were re-elected by the shareholders. At a subsequent directors meeting Sir Herbert B. Holt was a gain selected president and A. J. Brown, K.C., vice-president.

BOYS AND GIRLS CLUB

Our delegates to the Boy's Conference returned with great enthusiasm and from their constructive criticisms we hope to greatly improve our club in the near future.

We are sorely in need of a leader to make us to open. This Service for children is our hope. Come over and help us!

During our session on Tuesday last, our Co-ordinator, standing in mass formation and we could only resort to "Kameral" action. This ritual club "Voted" the all game up to his eyes.

HERST, FRED HAZELL, OF MIRROR DIED IN CALGARY

Calgary, Feb. 7.—Bert H. Hazell, an original member of the 11st Battalion, C.E.F., died at the Holy Cross hospital on Thursday evening, after a long illness believed to have been sleeping sickness. He resided in this city and served in France with the unit, where he was killed in the arm. After returning from overseas, he had resided in Mirror.

He came to the city last Friday in a serious condition, and a member of the provincial command of the G.W.V.A. met him at the station and escorted him to a hotel. In coming to the city he had hoped to get treatment through the R.C.C. On Saturday his condition was such that he had to be removed to a hospital at once, and he was admitted to the Holy Cross, where he died.

The remains were removed to Foster & Foster undertakers, parlors, and arrangements made by the provincial G.W.V.A. It was his only son, Bert H. Hazell, where interment took place on Monday.

The Need For Immigration

"I took very rich with my nerves and stomach, and supposed to be all run down. At times my heart would flutter and palpitate so and I would take such weak spots in the pit of my stomach that I sometimes thought I would never get better. I had almost given up hope when a friend advised me to use Dr. Chase's Nerve Food. I did not wait long, but I had taken twenty-five bottles. It has done wonders for me and I will be recommended to it whenever I am weak."

Each package of "Diamond Dye" contains directions so simple that a woman can dye or flat fade, shawl, skirts, dresses, waistcoats, sweaters, blouses, headgear, draperies, everything like new. Buy "Diamond Dye" on your other kind—then perfect hair-dyeing is assured, even if you have never dyed before. Tell your dyer just whether the material you wish dye is wool or silk, or whether it is linen, cotton, or mixed goods. "Diamond Dye" never stains, spots, fades, runs.

Respectful suggestions make a square meal on bread— and this is nothing left off desert.

COFFEE

For particular people—
"How good is Kaffee"—for it is packed fresh roasted, as the doubly sealed can preserves its rare aroma and flavor.

Take Down The Bar!

In these difficult days, especially in the winter, with the differentials that are now made available to the public, the fact that the coffee is packed fresh roasted, as the doubly sealed can preserves its rare aroma and flavor.

Internationalism Is Urged In
British Labor Mission

London, First Month, Labor men here at the House of Commons, John W. Brown, Labor Mission to the Soviet Union and the Rev. Canon Philip who recently made a flying visit to the USSR, presented a report of the impressions to their colleagues.

They declare there is no hope for British mediation and that the only alternative will be for France, Germany, Great Britain, Belgium and Italy to internationalize the USSR and put the administration of the country in the hands of an international committee.

The plane was forced into a steep climb and then a sharp turn to the right. The pilot, who was not seen, was believed to have been killed. The plane was then seen to crash into the water. The wreckage was found in the water. The plane was then seen to crash into the water. The wreckage was found in the water.

Joseph A. Palma, Chief of the Special Services Agency in the International Revenue Department, declared that the United States will be happy to assist Cuba and the West Indies through members of the boat crews of the free fleet.

What the Spider Indicated

Setting a Line on a Good Quiet Place
- In Which to Spin His Web

When Mark Train, in his only paper, was editor of a Missouri paper, competitors' subscribers wrote to him saying that he had found a spider on his paper, and asking him whether it was a sign of good luck or bad. The journalist wrote him this answer and printed it:

"Old Subscriber: Finding a spider on your paper was neither good luck nor bad luck for you. The spider was surely looking over our paper to see which merchant is not advertising, so that he can go to that store, spin his

"That was for Moran and his brothers,"
but was a different matter." When
the ranchman thought of Moran, no
concrete scenes came before him. To him his
brother was a shadowy figure who would
go to the limit, and he only hoped that
he might get his hands on Moran in
the mix-up. He still looked upon his
small hold as Reibel's as a weakness.
He had been told that there was some-
thing about the man's character, and he
wasn't's account. It had failed, and
no one now would expect tolerance of
him except Helen. If the game was
still at the ranch, where he used to share

President Ford's Executive Order 11931, signed at the White House on March 1, 1976, has been a source of confusion and misunderstanding to many citizens of the world who have been misled to believe otherwise at the time of the large, mass funeral in the city of Yale University. Those who believe will be puzzled and welcome to comment on the content of this statement.

To Test Coast Statement

Yonkers: The 1976-77 coast statement is very odd in an elaborate grammar of tests and distortions, three carloads of Alberta coal, was based upon when the fishermen's committee of the United States, referred with President and members of his cabinet. A notice was appointed to handle the coast.

Other mechanical driver in a child's life is quite so important as this automobile habit of being on time and having a time schedule for every minute of the day. It gives one early sense of time and self-mastery, so tends to make all common work pleasure.

Plan to Well Now

Long before the automobile it is written that "the prudent man hearkeneth to his going."—Proverbs 24:27.

TO REVIVE ANNUAL PICNIC FORMER DAY

Sports Day at Poplar Beach, Thursday, July 5th.

First ball game 1:30 to 2:30 p.m. Base Ball 2:30 to 3:30 p.m. Football 3:30 to 4:30 p.m. Soft Ball 4:30 to 5:30 p.m. Tug-of-war 5:30 to 6:30 p.m. Final ball game 6:30 to 7:30 p.m.

Reviving an event that is former days surpassed all other events and in which the entire district took part. The Ball game is the first step in a plan to take the Annual Community Picnic that was an event of first importance in the days before the war.

Old Times will recall the picnic with the enjoyment and will no doubt welcome the news that it is to be revived. Several years ago have passed since the last one was held and as the event has been so successful in the past, it is a reasonable thing to expect it to be a success this year.

The plan for the revival of the picnic will take place in the afternoon at 1:30 p.m. at Poplar Beach. The event will be held on the grounds of the former picnic grounds. The event will be held on the grounds of the former picnic grounds.

Canada's Automobile Industry

Over Half a Million Automobiles Now Made in Canada

A trend is showing the drive up

Mr. Hargrave, in Banckshireman, all authorized him in the face of the prospects for a crop of unusual size, the wheat label situation will be almost beyond the programme, he pointed out in an interview.

Mr. Henry Thomson, President Canadian National Railway, comments that we will have a million more crop along our lines than ten years ago. Mr. Henry Thomson, officials are unanimous that

(Canada places it) estimated in this industry at over \$100,000,000. A total of 191,800 automobiles were manufactured in Canada in 1922, which was fifty-three per cent more than in 1921 (over half a million automobiles are now registered as in use in Canada, of which the greater number are in Ontario and the small rest in the Yukon Territory. The province by provinces is as follows:

Prince Edward Island, 2,161; Nova

one of the most splendid group we have ever had. We have few warships but I may see on the west coast if we get the "Rain" crop."

Waterbury Municipalities
 Since incorporation authorized by the Department of Municipal Affairs in 1927, there is now a total of 14 town and rural municipalities in the area. Numerically, the distribution is as follows:

Municipality	Population

**Business Covered Arms
of This Healthy Child**

Mr. Alex. Marshall, Spruceville, Ont., writes:—

"When my little son was nine months old he broke out in sores on his chest and arms. We did all we

could to heal those terrible sores, but nothing did him much good. Finally I resorted to a box of Dr. Chase's Ointment and kept on using it. At last we were rewarded by the steady healing of the sores, and finally by your complete recovery of them. He is now three years old, and has had no return of the trouble since."

THURSDAY STORM CUT WIDE SWATH

Buildings, Chimneys and Trees All Look Alike to Blast

Thursday's storm, the worst in years, played havoc with several buildings, numerous chimneys and trees by the score were broken off and tossed aside by the heavy gale. Those most badly damaged being Holt's big shed and Mr. McNeil's barn. Hall accompanied the storm and caused damage at different points in the flats and in the Ashlar and Climax districts north and west of town. In the flats the damage was light.

ROBT. H. PHILIP LEAVING

Robert H. Philip, who has conducted a law practice here for about nine years, this week advised of plans to leave for Edmonton, and after a holiday will move to the coast. In the removal of Mr. Philip the town is the loser, and while we regret their departure nevertheless, the best wishes of a host of friends go with them to the coast province. Mrs. Philip and daughter left for Edmonton Tuesday and will be joined by Mr. Philip in a week. Tracey Wheeler and Stanley Miller are at Cold Lake.

DEATH OF REV. GEORGE A. HIPKIN AT VICTORIA

News of the death of Rev. Geo. A. Hipkin, former pastor of the Union church, was received here on Monday with deep regret, his death having taken place at Victoria, B.C., on Saturday, June 29th.

Mr. Hipkin left here over a year ago following a breakdown in health and it was hoped that rest and change would soon bring him to the town in which he had done so well. He was so greatly a part of the town that he was so much missed, and unfortunately he grew worse and some few months ago removed to the coast where for a time he showed improvement, but two weeks ago he took a turn for the worse and gradually grew weaker until death intervened.

During his short time in Bashaw he made many friends among all denominations and his passing comes with deep sorrow and regret. To Mrs. Hipkin and her family will be extended the sincerest sympathy of a host of friends.

WATER GLEN

J. F. Dunsmuir returned from Edmonton last week reporting that Mrs. Dunsmuir is progressing as well as can be expected.

The ice cream social which was held at the home of Mrs. Dunsmuir, was a great success. The rink was very crowded and outside games could be enjoyed through everyone that attended had an enjoyable time.

Friday last, the teacher invited all parents to attend the picnic in the afternoon, ice cream and cake was served in abundance. During the last storm the kids could not hold their sports.

Two car loads of Glen sports report to take in the Glen sports stampede on the Red Deer river and Wednesday. Taking in and grab the married sports have offered to do the cooking and let the bachelors look on.

Miss Nellie Baker, who has been teaching in Lethbridge, is spending her vacation with her parents.

Water Glen was pretty well deserted Sunday last, most of the people motoring to attend the Swedish Baptists church service.

A carload of sports was shipped to Edmonton from this district Monday last.

Geoffrey Nelson, Otto Johnson, M. E. Haggins and Tom Burnett, were delegates to the meeting in Lethbridge last Thursday for the purpose of organizing a hop shopping district.

The Swedish Lutheran church of Water Glen, special services and singing will be held next Saturday, July 7th. This service will be conducted both in Swedish and English, commencing at a 7 o'clock. Everybody welcome.

IS ADMITTED TO BAR

Having duly qualified, Edward Maxwell Robertson on Friday was admitted to the bar of the province of Alberta. The new barrister, who plans to establish a practice at some point in the country, was born in Kinross, Ireland, and came to Edmonton from the old land about ten years ago. After passing his exam he has been admitted to the bar of the province of Alberta.

Mr. Robertson has purchased the business of Rold. R. Philp and took same over on Tuesday.

UNION CHURCH NOTICES

There will be no preaching service next Sunday owing to the Pastor being at the Summit Camp at Rochon Beach. We are very cordially invited, however, to unite with either of our Sunday schools where provision is made for all ages. Both Sunday schools at Bashaw and Malton meet at 11 a.m. Minister, Rev. Ed. B. D.

BAINBRIDGE-JOHNSON

The marriage of Laura Estelle Johnson, daughter of Mr. and Mrs. Jas. Johnson, 11548, 12443 street and Mrs. Wm. Williams, Bainbridge, formerly of Carleton Place, near to Edmonton, took place Wednesday evening at the Ashlar Methodist church. Rev. Sidney Bainbridge, brother of the bridegroom was the officiating minister. 5-10000-4

SATURDAY SPORTS DREW BIG CROWD

Auto Race and Football Game Worth Attendance Alone

Ideal weather coupled with a large crowd of spectators made Saturday the features that made a success of the Dominion day sports on the football field, with the handling of the affair was all that could be desired.

The program opened with a ball game between Tristram and Bashaw, and while it looked as if Tristram would give the home a run, they were in the third and Bashaw had a walk-away.

More racing followed and a few good races run, the free-for-all being a close race in all heats.

Canada Confident of the Future

CANADA is undergoing a regime to regain her after-the-war stride in the midst of economic difficulties, - debt, deflation and depression being some of them.

Quick remedies and economic theories bear their path on every side. Some suggest that our debt worries can best be eased by going further into debt. Others preach blue rules, dour their own country and indulge in mischievous propaganda generally, while still others look for a new social order or some miraculous idea to indicate a better condition of affairs—all this in apparent forgetfulness of the fact that just as there was no royal road to win the war, there is now no royal road to pay for it or regain our former vigour, vigor and confidence.

Some are leaving Canada hating to escape taxation, only to find there is no escape anywhere. In seeking for easy remedies many of us overlook the fact that the greatest remedy is honest, hard work, fidelity and intelligently performed, accompanied by self-discipline and thrift.

It takes time, it takes patience, it takes grit. But every citizen knows in his heart that Canada is coming through all right.

Our Experience Proves It

Look back over the past Canada has had. The French Colonies, cut off from civilization, millions of us, faced a continuous wilderness—without the aid of

even a bladed tool. They had to fight swamps, forests, scarcity, hardships and starvation.

The United Empire Loyalists in the midst of the American Revolution, a new generation, growing their first wheat and the stamps and maps of the new clearing.

The British settlers came to Manitoba when the prairie was a buffalo pasture, and grew wheat where man had grown before and where there was no road, wheat would never grow. Today the Canadian prairie grows the finest wheat in the world.

"In proportion to population Canada stands today among the wealthiest nations in the world, with average income on per capita basis of \$125.00. This is due to the fact that the Canadian people have made the most of the resources of the land, and have built up a strong and efficient nation."

New Opportunities for Canada

In Canada, although prices in the world market have fallen, the Canadian farmer has a new market for his products. The Canadian farmer has a new market for his products.

Last year, Great Britain, after having been the largest importer of Canadian goods, has become the largest importer of Canadian goods.

"The 1920. Canada today is a new Canada."

The new spirit will suggest positive action for the future of our Canadian future.

THE POWER OF SUGGESTION

A new device for saving passengers trouble has been adopted by the dining car service of the Canadian National Railway.

THE ROSE TEA is good tea

The ORANGE PEKOE QUALITY is composed of the youngest, tenderest leaves on the tea bush.

Saving and Investing

"Investing" your money is a serious matter, and it is one to be done in a hurry. Think twice and act with advice before investing. Be guided by experience—probably your banker's.

Successful investors always keep in mind the fact that their money is working for them. They do not let it lie idle.

There are many ways of investing your money, and it is important to choose the right one for you. Consider the safety and the return of your investment.

Remember that the more you invest, the more you will gain. But do not invest all your money at once. Invest a little at a time.

Consult with a professional investor or a banker. They will give you the best advice and help you to make the most of your money.

Investing is a long-term plan. Do not expect to get rich overnight. It takes time and patience to build up a good investment.

Keep your investments diversified. Do not put all your eggs in one basket. Spread your money over different types of investments.

Remember that the best time to invest is now. Do not wait until the market is high. Invest when the market is low.

Investing is a way of life. It is a way of thinking about your money and how to use it. It is a way of planning for the future.

Investing is a way of securing your future. It is a way of making sure that you have enough money to live on when you are old.

Investing is a way of giving your money a chance to grow. It is a way of making your money work for you.

Investing is a way of achieving your goals. It is a way of making your dreams come true. It is a way of making your life better.

Investing is a way of securing your happiness. It is a way of making sure that you have enough money to enjoy life when you are old.

Investing is a way of giving your money a chance to grow. It is a way of making your money work for you.

70 PER CENT WHEAT CROP HEADED OUT
Reports from the Wheat—Wheat First High and Better

Crop reports throughout the district continue to be excellent with moisture adequate to carry to harvest, though rain when grain begins filling will be more than welcome. Weeds are the only complaint to be heard, and in cases are bad, the wet season has given them wonderful growth and they will undoubtedly cause considerable loss.

Having had started and improved weather an abundance of feed will be stacked for winter.

Canada And U. S. Trade Reprisals War Now Being Predicted

New York—A "war of trade" exists between Canada and the United States is predicted by the Hon. J. H. Macdonald, minister of commerce, in a speech made last night, authorized by the Canadian Parliament to take place here. "The world is a market," he said, "and the closing of any United States ports along the border, curtailment of other mills and the transfer of 'topper' goods to the United States, would hurt Canada, as well as 'our time-price' for paper, and clothing."

Macdonald said, however, that the closing of the embargo would undoubtedly hurt a new war of trade

Parliamentary measure from this side could begin with coal, oil, sulphur and other necessary supplies for Canada, which would be held in the end. Such a move would be hurt and ill-off in the end.

Macdonald's remarks were the attention raised for reconsideration of the whole trade situation as between Canada and the United States. He said that the tariff which the Parliament-McCormack has taken Canada a hard blow and that the United States would be "the present action," it means.

Macdonald said that the United States are called for trade war and

WIFE MURDER BYTES

WILLES

O when I thought, a short time back, I'd maybe jump this earthly rack and go cavorting toward some star where Peter and the angels are, at once I called in Lawyer Bill and pucker up and made a will. I left to Hannah my estate then let the doctor operate and chide bones from my hold parts. Now I maintain that every man should make a will while yet he can, and if he has a wife like mine, it ought to take him just a line to say he leaves her all his store, and likewise wishes it was more. She'd have enough cause to rue if she should lose a man like you, but if you leave things in a tangle, the few steps in at every angle. She cannot buy, she cannot sell, unless some judge declares it well. O when I step in Chaney's boat and feel the blame thing start to float, I shall be sore and plumb disgusted unless I leave my things adjusted. O brother, when you close your eyes to open them in paradise you will know you all your days, I hope may thereby give your praise. "Although in general not much good, I find made his will the best he could." So every Jack may bless his Jill if he, like me, will make a will, yet should be in the line of the best, to Old Man Death is crowding hard. O brother, while still young and healthy, go call in lawyer, Bill McKinley.

A GOOD CORSET Is Not A Luxury It Is A Necessity

When in my husband's boyhood state I used to wear a corset. Some unique fact I often take, which later on was to me a great help. I have seen some of the corsets. Perhaps I'd go to bed at night, all from over my hips quite, but pains would not help me in the night. Then I could open up my joints, and find that most overbearing, but now I would give up my corset, but they would cause my tummy sore and rub it until they were there. Though long and painful they kept, the more they rubbed the worse it felt. The older age and with grown with broader girth at stomach ends. I must be careful how I grab it, for if it rubs on one will rub it. I feel myself with great care, and with great care must be ripe and fat, and very little pin in arm is round like most my disagree. I turn down this and admit that fat fear of blouses and fat. I confess, though my arms shake with loads of clothes, still I have a feeling for wearing, corset and putting, let's have a corset. Though hurts beneath the bottom of my skirts. Some half pair appear as I take, I can change my corset to the body size.

SHERIFF'S SALE
Of Bashaw Village Property

Pursuant to the order of A. T. Blain, Esq., J.C., Master in Chambers, at Edmonton, there will be offered for sale by D. T. Denny, Deputy Sheriff of the Judicial District of Western Canada, at Bashaw, in the Province of Alberta, at 2:30 o'clock, in the afternoon, on Saturday, the 30th day of September, A.D. 1922, the following lands and premises, namely:—

Lot 24, to be known as Block 14, of Bashaw, according to a plan of record in the Land Titles Office for the North Alberta Land Registration District, as Plan 287 A.C. Subject to the reservations, provisions and conditions appearing in the grant from the Crown of the existing Certificates of Title.

The Deputy Sheriff is informing that those lots are well located in the Village of Bashaw, being contiguous and being close to Bashaw Avenue, the main street of the Village—That each lot measures 25 feet wide by 129 feet long and that the four lots are enclosed by a wire fence. There is a frame cottage and a barn on lots 25 and 26. The entire is said to be of frame construction and is comprised five rooms and a semi-detached kitchen. The barn is said to be of frame and to provide accommodation for eight (8) horses.

Terms.—The purchaser will be required to pay to the Sheriff a deposit of 10 per cent. of the purchase price at the time of the sale and the balance without interest, within sixty (60) days thereafter, to the credit of the cause. Upon payment of the said deposit, the Sheriff will be entitled to a transfer of the said land to be into possession. The purchaser is to take the property subject to all and sundry mortgages, rates and taxes and in all other respects the Sheriff is to be guided by the Supreme Court of Alberta will serve so far as applicable.

Further particulars may be had at the office of the Deputy Sheriff, at Edmonton, or at the office of Robert H. Phipps (H. E. Robertson), Barrister-at-Law, at Bashaw, Alberta.

Dated this 30th day of May A.D. 1922.
Approved,
D. T. Denny,
Deputy Sheriff.

WEDNESDAY NEXT
12 SPORTS DAY

Manuel, Steve Barnes and Andy Barnes Will Be Staged

At the last meeting of the Board of Directors of the Agricultural Society, the 19th of this week—Wednesday of next week—was chosen as the most suitable one upon which to hold the Sports.

This day was chosen on account of it being, as nearly as possible, a holiday, and the fact that the weather was so good. The Sports will be held on Wednesday, September 19th.

Food Value Of Vegetables Lies Largely From The Fact That They Contain Vitamins

(By L. J. Burrows, Vancouver, Horticultural Columnist)

It is a well-known fact that vegetables are rich in vitamins. This is the reason why they are so valuable to the human body. The vitamins in vegetables are responsible for many of the diseases that we suffer from. For example, a lack of vitamin A can lead to night blindness, and a lack of vitamin C can lead to scurvy. Therefore, it is important to eat a variety of vegetables to get all the vitamins we need.

There are many different types of vegetables, each with its own set of vitamins. Leafy greens like spinach and kale are high in vitamins A and C. Root vegetables like carrots and beets are high in vitamin A. Cruciferous vegetables like broccoli and cauliflower are high in vitamin C. It is important to eat a variety of these vegetables to get all the vitamins we need.

One of the most important vitamins is vitamin A. It is responsible for good vision and healthy skin. A lack of vitamin A can lead to night blindness and dry skin. Carrots are a good source of vitamin A, but they are not the only source. Leafy greens and liver are also good sources of this vitamin.

Vitamin C is another important vitamin. It is responsible for a healthy immune system and healthy blood vessels. A lack of vitamin C can lead to scurvy, a disease that causes weakness and bleeding gums. Citrus fruits are a good source of vitamin C, but there are many other sources as well.

Vitamin B is a group of vitamins that are important for energy production. A lack of vitamin B can lead to fatigue and weakness. Whole grains and legumes are good sources of vitamin B. It is important to eat a variety of these foods to get all the vitamins we need.

Vitamin E is a fat-soluble vitamin that is important for heart health. A lack of vitamin E can lead to heart disease. Nuts and seeds are good sources of vitamin E. It is important to eat a variety of these foods to get all the vitamins we need.

Vitamin K is a fat-soluble vitamin that is important for blood clotting. A lack of vitamin K can lead to bleeding disorders. Leafy greens are a good source of vitamin K. It is important to eat a variety of these foods to get all the vitamins we need.

Chen and Butler Seeking Court Results of Court Case This Year

The Ontario Court of Appeal has ruled in favor of Chen and Butler in their case against the government. The court found that the government's actions were illegal and ordered them to pay compensation. This is a significant victory for Chen and Butler, who have been fighting this case for years.

The court's decision is based on the fact that the government failed to follow proper procedures in its actions. The court found that the government's actions were a breach of the law and ordered them to pay compensation to Chen and Butler.

Chen and Butler are pleased with the court's decision and hope that it will set a precedent for other cases. They believe that the government's actions were illegal and that they deserve compensation for the damage they suffered.

The court's decision is a significant victory for Chen and Butler. It shows that the government can be held accountable for its actions. This is a positive step towards a more just and fair society.

Chen and Butler are grateful to the court for its decision. They believe that the government's actions were illegal and that they deserve compensation for the damage they suffered.

Sum of Earthquakes Greatly Exceeds That of Volcanoes

A study has found that the sum of earthquakes greatly exceeds that of volcanoes. The study found that earthquakes release more energy than volcanoes. This is because earthquakes occur more frequently and release more energy per event than volcanoes.

The study's findings are significant because they show that earthquakes are a more powerful force than volcanoes. This has implications for our understanding of the Earth's internal processes and for our ability to predict and prevent earthquakes.

OPENING DOORS

By HARRY MARSHALL TAYLOR

Published in the Star and Evening News

It is one thing to open a door to a new world, it is quite another to open a door to a new life. The door to a new world is open to all, but the door to a new life is only open to those who are willing to step through it. The door to a new world is open to all, but the door to a new life is only open to those who are willing to step through it. CHAPTER THREE

In April of this year, I had a very interesting experience. I was walking through a forest when I came to a clearing. In the center of the clearing was a large, old tree. The tree was very old, and its trunk was covered in moss. I went up to the tree and looked at it for a long time. I felt a strange feeling, as if I had been there before. I then turned and walked away, but I could not shake the feeling from my mind.

RUDE RURAL RHYMS

APPLES

No other fruit plant to me seems friendlier as an apple tree. Where its green arms are spread about I love to open the soil I love its trunk and leaves and shoots, I love its buds and flowers and fruits. I'd never pinch some as I have seen them so delicate from the trees in Homer's old Hesperides. A heavenly treacher, blossoming low, how often I doff my hat and stretch myself within the shade some motherly natural fruit had made.

If I could beat the blossoms in I'd be blemish and gone as though I. I'd feel and watch the white clouds fleet, each one a cotton batting ball. With grateful tongues I sing the praise of apples in those good old days. With summer wind the leaves were rippled, by summer sun the fruits were slipped. When I saw one that smiled me, I threw a stick or shook the tree, but every year the first to rodden were those ones I'd never touch.

I had, had craved about some made a bad in. How infinitely clever I found my way, and then, reversing, cheered my heart clear to the border of his track I hour at pressing time in fall we'd cheer and cheer with such a lot, but other times I hate this side to bite in when a worm has been. Yes, I am wrought to even more to find the worm still in the bark and most particularly like when I bite him square two. Yet often saw a city street, amid the dust and noise and bustle, a vision rise in my mind of an old, crooked, gnarled tree, and I would cheer my berries, pines, cheese off my cap and take his place, to do as mine had from shaded nooks and not a lot of worms after.

41.71 PERCENTAGE

WHAT IS IN POOL

Withdrawals Number 2,534 With Total of 260,750 Acres

Percentage of the 1922 wheat acreage actually under contract of the Alberta Co-operative Wheat Producers Limited, as at last Saturday evening, taking in to account all withdrawals, was 41.71, according to an official statement handed out Friday by Stephen Luna, acting secretary of the pool.

The actual withdrawals from the pool during the period from September 5 to 29 was 2,534 for an acreage of 260,750. This left 25,381 members in the pool, the actual acreage they contribute being 2,404,062. This number a 41.71 per cent of the 1922 acreage of 5,760,560.

Since last Saturday, 192 contracts have been received from farmers in the province. The acreage accounted for in these have not been listed as it is not accounted for in the above figures.

Without considering these last contracts the wheat pool still contracts the wheat pool since the drive for contracts has started resulting 27,985 contracts of which 548 were not listed, due to the fact that the farmers signing them had no wheat acreage this year. This number of contracts accounted for 2,672, 815 acres. All that their acreage remained in the pool the percentage as compared with the 1922 acreage would have been slightly better than 40 per cent.

MOTORISTS AVOID HARM

D. A. McDonald and R. MOTORISTS-AVERT

A quiet but pretty wedding was solemnized on Wednesday, September 28, at the home of the bride's mother, Mrs. O. C. Hamer, of Foothill, Alberta, when she was married to Mr. Charles J. Buchanan, of Bashaw, by the Rev. W. J. Hargrave, of the United Church.

The bride was charmingly attired in grey and Egyptian blue and carried a bouquet of white roses and white carnations. Her bridesmaids were Miss M. Mayhew, of the house where the wedding was held. The house was prettily decorated for the occasion with white and green, and the bride and groom were both in white. Many friends were present, and the ceremony was most impressive. The bride and groom were both in white, and the ceremony was most impressive. The bride and groom were both in white, and the ceremony was most impressive.

WOMEN'S AUXILIARY MEET

The regular annual meeting of the Bashaw Ladies' Auxiliary of the G.W.V.A. will be held in the hall of the United Church, Saturday, October 12th, at eight o'clock for the purpose of electing officers for the ensuing year. Miss Dorothy Dorewell, left this week for Big Valley where she has accepted a position in the Royal bank at that point.

UNION CHURCH SERVICES

Next Sunday to be observed as a Special Thanksgiving Day with meetings as follows: 11 a.m. at Foothill. 1:30 p.m. at Bashaw. 7:30 p.m. at Meeting Creek. The speakers of each of these services will be Messrs. J. B. Saunders and Fleming, of Camrose. Also Mrs. McKinney, former member of the Alberta legislature will speak in the United Church, Bashaw, at 7:30 p.m. Mrs. McKinney is a very forceful speaker as well as a great authority on all matters of social welfare. We trust the church will be crowded to greet Alberta's first lady member.

CURLERS TO MEET

NEXT MONDAY EVE

Twenty-five curlers on Thursday Night—Many Fervent Fans

A good crowd turned out for the curling club meeting Thursday night and it was apparent that if the club can be launched it will be most successful. Just at present the matter of raising sufficient funds to carry through the project is the stumbling block, and after some discussion a house committee composed of Messrs. West, Harrington and Rennie, were appointed to ascertain cost of building and to map out a plan of both building and campaign to secure further subscriptions to the scheme.

RED ROSE

TEA is good tea

From the best tea gardens in INDIA and CEYLON

Every slumpan needs Bovril

Co-Operation in Empire Building

It is a well-known fact that the tea industry in India and Ceylon is one of the most important and profitable in the world. The tea gardens in these countries are the source of the finest tea leaves, which are then processed into the various grades of tea that are sold throughout the world. The tea industry is a vital part of the economy of these countries, and it is essential that it be properly managed and developed.

HIDE RURAL RHYMES

BUGS

I love an egg, there's nothing finer for my breakfast or dinner but that egg is served to me I fear you know its pedigree. I much prefer a last edition, like Caesar's wife above suspicion. The tasteless egg without respect to the kind is to be avoided, and with one's chestnut sunny side which games on one's honest-eyed, I know that fresh young hen fried first. But whether its health begins to fail, I recommend the garbage pail. Long live it is a local waste, it has ancient faulty taste. Not wholly bad, it spends its time up, the borderland of crime. Such are the eggs we meet most, as peached or scrambled on toast at restaurants from coast to coast. O when it's fresh from the nest, with innocence still in its breast, of all good things an egg is best. With age long experience cured, of all baubles an egg is worst. I speak my feelings, as one who knows I've taken eggs from friends' ankles. The ripper ones appear in times where I recite these Rural Rhymes and when the same begin to scramble, I know it's time to me to scold. If I predict now any those yolkies are just the age to match my jokes.

FAYE HURT'S DEATH SHOCK TO DISTRICT

The news of the death of Miss Faye Hurt, who passed away in the Red Deer hospital following a week's illness from appendicitis, came as a distinct shock to the community Monday, as it usually comes the very last, high hopes of her recovery were entertained by all.

Miss Hurt was taken ill a week ago Tuesday and was immediately rushed to Red Deer where an operation was performed, but unfortunately the appendicitis, before reaching the hospital, the poison attacking her system and while every means was used and every hope held out, she scarcely rallied, and died coming at 10 o'clock Monday.

In the passing of Miss Hurt the community feels a distinct loss, not only in a young and promising life ended, but of a nature that few who knew her will ever forget. Her was a charming, gracious and lovable personality that immediately won all with whom she came in contact, while her kindness knew no bounds and were distributed to all with and all alike. Miss Hurt was born Sept. 28th, 1907, at Fall River, Kansas and was therefore in her 17th year she came to this district with her parents when but a child receiving her education in the George and Bashaw schools where she was a favorite with teachers and pupils alike.

The funeral service was held Wednesday from the Union church of which the deceased was a member, being conducted by her pastor, Rev. S. B. Blandford, in attendance were the family party in Bashaw cemetery. The pall bearers were members of the C.O.D. choir.

The funeral was largely attended, both school and business places being closed during the hour of service.

To the bereaved family the sympathy of the entire community is extended in their sorrow.

PRISON AMONG THIEVES

Two men were recorded during the week when in the case of the Erickson outfit the gangster was totally destroyed, the first taking place at 4 o'clock in the morning and supposed to have started from a spark from the house.

Notwithstanding was visited by the fire while thrashing at Fall River, damage being done to a about \$1000 and lying the rice up for the night.

G.W.V.A. NOTES

At the eleventh hour of the eleventh day, 1918, there was a great silence throughout the world. All had been forewarned that the guns of the great war would be silenced and words of peace would be spoken. It was the Armistice, the cessation of hostilities in a war which had supplanted civilization for over four years.

Silence seemed to be the outstanding feature of the moment a silence which was filled with awe and reverence, for men could only breathe that sigh of relief and thankfulness that as was over.

This silence swept over the whole world and the sleeping places of the thousands upon thousands of noble men caught in ill message as it passed over them.

It is 'till we forget' those who sleep in the 'Flanders' Field that there has been organized an effort to keep fresh in the minds of the youth of the world of life and sacrifice, and the hallowed spots which are marked as battlefields by nature's hand with blood and roses, that would perpetuate the day to wearing this significant emblem. For this purpose hundreds of thousands of poppies are manufactured by disabled soldiers are distributed throughout the length and breadth of the land through G.W.V.A. channels, are taken up by a like number of children. The proceeds of this purpose have been used in our organization in fulfilling a part in respect to the dependent of children of the war, commander, on whose behalf the G.W.V.A. is ever ready to assist that their interests are looked after.

It is well that such an order as ours, with its lofty ideals ever before its members, should on a regular basis, be ever endeavor to establish the purpose of "Poppy Day," in the hearts of the people of Canada. We realize, yet it remains for you to give us the poppies in the minds of our environment, day by day, the lesson as taught by the wearing of the poppy. The scheme has grown to a vast degree, and while this year the supply of poppies cannot fill the demand, yet as time goes on it will have doubled itself in its great purpose.

The idea of observing this day is to be rapidly spreading as the poppy has become, in the eyes of the people of the world, the symbol of the sacrifice of the brave soldiers of the world, the symbol of the sacrifice of the brave soldiers of the world, the symbol of the sacrifice of the brave soldiers of the world.

Not as if we jealousy guard such opportunities as are presented in the commemoration of "Poppy Day" and Australia, for in them we shall ever present before the public mind the great picture of the sacrifice of the brave soldiers of the world, the symbol of the sacrifice of the brave soldiers of the world, the symbol of the sacrifice of the brave soldiers of the world.

ARMISTICE MEMORIAL SERVICE SUNDAY NEXT

The annual memorial service in honor of our fallen heroes in Flanders' Fields will be held in Lyric hall on Sunday, Armistice Day, Nov. 11th, at 7:30 a.m. under the auspices of the Great War Veterans. A united chorus of both churches will render the service with the assistance of the pastor of the United church, Comrade, Ed Bainbridge.

SPECIAL SERVICES AT THE UNION CHURCH

Arrangements have been made for ten days special services to be conducted in the local Union church by Rev. Thomas Ford, of Calgary. Mr. Ford is a great favorite in this district and we trust large audiences will flock to his services, earnest, practical and forceful. November 17th to 26th in Bashaw and 25th to 30th in the local church. Further announcement next week.

MEETING SKATING CLUB

Only a small number turned out at the skating meeting on Thursday night, however, plans were made to have the rink running again this year and Ed Wells will look after the rink. He has already put it in shape and is ready to start footing as soon as weather permits.

SALE OF HOME COOKING

A sale of home cooking will be held in St. Peter's church by the ladies of the G.W.V.A. on Sunday, Nov. 10th. The sale will be carried out by the ladies of the G.W.V.A. on Sunday, Nov. 10th.

Remember the Vet's come on Monday night in Lyric hall.

What pops have been immortalized the scene of the conflict in the eyes of the world. The poppies are growing to a vast degree, and while this year the supply of poppies cannot fill the demand, yet as time goes on it will have doubled itself in its great purpose.

The idea of observing this day is to be rapidly spreading as the poppy has become, in the eyes of the people of the world, the symbol of the sacrifice of the brave soldiers of the world, the symbol of the sacrifice of the brave soldiers of the world, the symbol of the sacrifice of the brave soldiers of the world.

COMFORT IN THE HOME

Proper heating of the home is one of the big problems facing the average householder as each winter arrives and as it is well known—get the warm and you have won half the battle—more and more each year are turning their attention to the installing of a furnace, realizing that they give the results which they have tried to attain in other ways. The winter being the longest season of the year, comfort in the home is the main problem, especially for the wife and children, while a good stove that is built to distribute the heat as it should, saves much in the way of odds and fuel.

Our stock of Stoves and Furnaces stand up under the test of time and give the maximum of heat per fuel unit. Let us advise you on your best problem.

Increasing Demand For Canadian Produce Is Shown On The British Market

By J. H. Davidson, Export Manager, Vancouver, B.C.

The demand for Canadian produce in the British market is increasing steadily. This is shown by the fact that the total value of Canadian produce exports to the United Kingdom in 1937 was \$1,000,000, compared with \$800,000 in 1936.

The increase in demand is due to a number of factors. First, the British public is becoming more health-conscious and is turning to fresh produce for its daily needs. Second, the Canadian government has been successful in securing a number of trade agreements with the United Kingdom, which have helped to increase the volume of trade between the two countries.

Third, the Canadian produce industry has been successful in improving the quality of its products, which has helped to increase their popularity in the British market. Finally, the Canadian government has been successful in promoting its produce through a number of trade missions and exhibitions.

As a result of these factors, the Canadian produce industry is in a strong position to continue to increase its exports to the British market in the years ahead.

Prize For Women Journalist

Editorial Board, Canadian Women's Press Association, Vancouver, B.C.

The Canadian Women's Press Association has announced a prize for the best woman journalist in the country. The prize is worth \$1,000 and is open to all women journalists who are members of the association.

The prize is awarded annually and is based on the quality of the journalist's work as shown in their articles. The association has received a number of nominations for the prize and is now looking for a winner.

The prize is a recognition of the important role that women journalists play in the Canadian media. It is hoped that the prize will encourage more women to enter the journalism profession.

The Canadian Women's Press Association is a national organization that represents the interests of women journalists in Canada. It was founded in 1910 and has since then grown to become one of the largest and most influential organizations of its kind in the country.

in the United States, and the most serious threat to the integrity of the country.

In full knowledge that the return to the country, where our rich industry and productive capacity will not be permanently devalued, is the only way to the recovery of the country, it is bound to agree, but the maintenance here of the vital machinery of the nation, of this Government, of the life of the people, and of the agricultural and industrial life of the country, is the first duty.

Radio Experiment

The experiment in radio telephony of a signal of the Morse code, transmitted by the radio, is a human invention, it is a new transmission and reception of the Morse code, a distance between the letters of the alphabet.

Quickly—How you have to think to hear! Thomas' Electric Oil will stop almost at the second blow, draw the pain out of the system. It is a recognized medicine and numbers of people that it helped where needed.

The following are some of the questions raised by the study:

- How many people are affected by the disease?
- What are the symptoms of the disease?
- How can the disease be prevented?
- How can the disease be treated?

The study found that the disease was caused by a virus called the "X" virus. The virus was spread from person to person through saliva. The symptoms of the disease were fever, cough, and sore throat. The disease could be prevented by wearing a mask and avoiding contact with infected people. The disease could be treated with antiviral drugs.

For Bearing Animals Must Be Protected To Prevent Their Extinction On This Continent

A recent resolution of the American Fur and Seal Association, passed at its annual convention in New York, is a landmark in the history of the fur trade. It is the first time that the industry has taken a stand in favor of the conservation of the animals which it has long hunted. The resolution, which was adopted by a vote of 100 to 10, reads in part: "Resolved, That the American Fur and Seal Association, in its efforts to conserve the fur-bearing animals of this continent, shall take such steps as may be necessary to protect them from extinction."

Animals of Race

The American Fur and Seal Association, which has been in existence for over 100 years, is the largest and most influential organization in the fur trade. It is composed of men who have made their fortunes by hunting and trapping animals. For many years, the industry has been criticized for its wanton destruction of the animals which it hunted. But now, for the first time, the industry has taken a stand in favor of conservation.

Advance in Medical Science

Recent medical advances have been made in the treatment of various diseases. In the case of tuberculosis, for example, new methods of treatment have been developed which have greatly improved the chances of recovery. In the case of cancer, new surgical techniques and the use of X-rays have led to better results. These advances are the result of the efforts of many scientists and doctors who have devoted their lives to the study of medicine.

Discuss Agricultural Subjects

A meeting of the American Agricultural Society was held in New York recently to discuss various agricultural subjects. The meeting was attended by many of the leading experts in the field, and a number of important resolutions were adopted. These resolutions dealt with such matters as the improvement of the soil, the use of fertilizers, and the control of pests. The meeting was a success, and it is hoped that the resolutions will be put into effect.

Geological History Of The Great Lakes Revealed By Study Of Shore Lines

A recent study of the shore lines of the Great Lakes has revealed a great deal about their geological history. The study, which was conducted by a team of geologists, found that the lakes were formed by a series of glacial advances and retreats. The shore lines show the path of the glaciers as they moved across the land. By studying these lines, the geologists have been able to determine the direction of the glacial movement and the time when it took place. This information is of great value in understanding the geological history of the region.

Amazing Statement

A statement made by a leading expert in the field of geology is truly amazing. He has found that the shore lines of the Great Lakes are not what they appear to be. He believes that the lakes were formed by a series of glacial advances and retreats, but that the shore lines have been altered by a series of small, frequent movements of the land. This would mean that the lakes are much younger than they are generally supposed to be. The statement is based on a study of the shore lines of the Great Lakes, and it is a truly remarkable discovery.

Plastic Writing System

A new writing system, called "Plastic Writing," has been developed by a team of scientists. The system is based on the use of plastic letters which can be changed into different shapes. This allows the user to write in a number of different ways, depending on the shape of the letters. The system is said to be much easier to learn than the ordinary alphabet, and it is hoped that it will be widely adopted. The scientists who developed the system believe that it will revolutionize the way we write.

The Empire Builders

Ford's long experience in the tropics have given birth and preserved the extreme ruggedness of the Ford.

In the face of comparatively insuperable difficulties they have built up a world-wide trade, trade that grew and flourished in spite of the insurmountable cost of native hand-carried native carriers, the mule trails and the camel caravans.

Ford carries the load of Ford's trade on the hill-sides of India, on the African veldts on the sheep-pastures of Australia and New Zealand, on the plantations of Ceylon and Burma, on the rubber estates of Malaya and on the jungle-path of Borneo.

Universal success under all these conditions has stamped the Ford as superior to all other makes.

Made in Canada for the Empire

The Ford car is completely made in Canada with the exception of parts in the value of \$15.00.

To Look More Youthful
The modern corset doesn't aim to make us all over, so we all look alike, so the old fashioned corset did.

It doesn't aim to give us that objectionable corseted look. It just causes, restrains, redistributes us a little—makes us longer, thinner, taller and a bit more slender. It gives us that graceful ease of movement which can only come with genuine comfort.

Gossard Type Corsetry
insures each of us looking our individual best, always. Our corsetry can do you some interesting things on this new beauty aid.

Have you read "The Portrait of a Gentlewoman"? It is Jane Hill's newest and most interesting help to beauty, better appearance and real comfort. Copies are free in the corset department.

Says Great Britain Must Increase Air Force To Avoid Disaster In Future

By **Herb Broderick** An Editorial

Demanded for Higher Budget Means New Air Force

When the British government announced last week that it was increasing its air force, it was making the first step toward a policy of air defense which is essential to the survival of the British Empire. The British government has been forced to make this decision because of the increasing threat to its empire from the air forces of Germany and Italy. MANY SIGN UP IN WHEAT POOL DRIVE

Cannave Constabulary in Making Short Showing in Province

According to the report of the officials of the wheat pool every satisfaction is being felt as to the result of the wheat pool drive which campaign closed on Monday, though it will more likely be the end of this week before any definite idea of the number of new members and the acreage signed up, but that it will more than pass the fifty per cent aimed at last year is most likely.

The Cannave constabulary is most prominent among the districts of the province in signing up new members for this year and there have been coming in early and are still coming with the result that the checking is not yet complete.

Locally there have been quite a few new contracts signed and several of these are from men who withdrew last fall. Others have signified their willingness to place their wheat in the pool this coming fall. These men at canvassers have not yet returned in their lists. It is felt that there will be a substantial increase in members in this

DANCE AT J. STEINBORN'S

James Steinborn, who has completed his new house in replacement of the one unfortunately burned down last spring, gave a house warming dance (Wednesday) last week, the music being provided by the orchestra and the band. A large crowd turned up, mostly of the male sex, the girls being in attendance not having received from the dance at Big Timber yet. However, things soon warmed up and the dancing was in full swing. The evening was very popular, some sets having no ladies in them the speed artists had it all their own way and made the most of their chances. Fortunately the house is built on draughtproof specifications so no damage was done, though the windows have been torn flying freely by them. In the kitchen a new style of square dance, the emcee had nothing to learn from the boys, and the girls were broken away without an hitting in the kitchen where the emcee left by Bill Rider. Our heartiest admiration.

GUILD AT MATHLOCK

On Sunday a party of some twenty-two girls and their leaders journeyed through snow and mud to Mathlock where a very interesting service was much enjoyed by the large audience which the school house was overflowing. In the evening the same program was given to a capacity crowd in the local Union church. Miss Simpkins conducted the services in a most capable manner and short addresses were given by three of the girls or various phases of the club work which Gladys Egan read the list of sons very clearly and distinctly and a solo "O Lord Correct Me" was rendered in her own charming style by the leader of the senior group, Mrs. Cranston. Many Northern were shown and the development of the Canadian Girls in Training movement and the Thelma N. gave a very interesting account of her experience on and winter program of the senior group. This included the girls' work in the community, public speaking and various contributions in local social service. Ella Schultz described the work of the C.G.T. in paying a fine tribute to their much revered and highly respected president, Fay Hart. Their programs had included Bible study, missionary health, etiquette, dramatic and singing evenings. The girls proved by their ability to prevent the story of their work that C.G.T. under capable leaders is a most worthy movement.

The Pastor gave a very earnest appeal to the Northern saying they to co-operate with the leaders in seeking to help the girls in their four-fold program which is to Church, health, social truth, know God and serve others thus seeking to be the girls God would care them be and even sending onward and upward.

Representatives of each club acted as ushers and the whole was made up of members of both clubs arranged in white middie and blue skirts.

These services will be remembered by the large audience, which were present and who were quite convinced that C.G.T. is the best movement ever organized for young girls.

WOMAN CLUB MEETING

Service will be held on Sunday and they are cordially invited to unite with us. Mathlock 2.30 p.m. Drive worship, also reorganization of the Mashaw, 11 a.m. Sunday school and adult Bible class. 7.30 a.m. Evening service. Sunday school. Minister, Rev. Ed. Balchbridge, B.A., B.D.

NEWS OF THE GOLF CLUB

The change in the weather is having its effect on golfers, reviving interest that not even the annual meeting could stir in life, the bag being noticed in many and different stages of development. At any rate the increased interest is something of note even when it is criticism. Of this latter the raising of the \$100 members for \$60 to \$100 does not seem popular, while the course at \$2 for two weeks, and outsiders allowed the use of the course for \$5 for a month. A suggestion that a vote of the entire membership be taken has been advanced and may be acted on, although we have no definite statement.

The executive is faced with a big problem in the matter of a green keeper. They have little money to offer for the job, but have a tremendous amount of work to accomplish. Among the tasks that must immediately attention is the reconditioning of the greens. The question of a fence around each green is not popular among some, while others feel that is the only way to keep the stock off and have the greens in any kind of playing shape.

There is also considerable to be done in the fairways and particularly around the greens with the numerous knolls, etc., that make accurate approaching out of the question.

Altogether the executive have a season's work ahead of them if the green fees were \$100 a member they could not hope to complete the work. That the club's interests will be well taken care of as evidenced in the salary set for green keeper.

Many players are hoping now for the more to go so that they can get in a game on the course at an early date.

LAKE BEND HONORS DEPARTING FRIENDS

Home of Mr. and Mrs. Fleming is Home of Pleasant Gathering

A large number of friends gathered on Friday evening or last week at the home of Mr. and Mrs. Thos. Fleming, who have been living on the W. P. Puffer farm, Buffalo Lake, for the past two years, and who are about to leave the district. The gathering was in the nature of a surprise and was planned to show the esteem in which the Fleming family is held by the people of the community. Geo. Webb, on behalf of those present expressed regret at the departure of the Fleming's and as a slight remembrance presented them with a large silver salad spoon. The balance of the evening was spent in music and cards and during this period, Mr. and Mrs. Fleming expressed to each one personally their appreciation of the gift and the kind words that accompanied it. Mr. and Mrs. Fleming had made up their minds fully as to where they will locate. Those present were Mr. and Mrs. George Heit and family, Mr. and Mrs. Chas. Reay, Mrs. E. Olson, Mr. and Mrs. H. C. Brewster and daughters, Mr. E. A. Stephenson and daughters, Mr. and Mrs. Murdoch and family, Mr. and Mrs. Harry Ford and grand children, Mr. and Mrs. C. W. and Messrs Oscar and Ole Johnson and Chas. Ludwig.

We understand that D. H. Jewell has rented the Mrs. H. Phelps farm, Andrew Thomas farm and also the Bowen farm for this year.

On account of special medical treatment at the Lacrosse hospital, Mrs. John Stephenson did not return home last Saturday as was stated, but is expected this week. W. Doolittle will work for H. C. Brewster this summer.

Many Reasons From Many Users

If you were to ask the next fifty Ford owners you meet why they prefer Ford, you would get a wide variety of answers. Some would say, "Because they come next to wear out," others would answer, "Because they cost so little." Many would reply "Because I can get service and spare parts everywhere," and just so many, "Because it is the only car I can afford to own." All would tell you, "Because they

Wants Separate Irish Currency

Harrell Figgie, a leading trade promoter of the Dill Khrushch, raised the question of a separate Irish State currency, the Free State having the right to abandon the British currency and establish one of its own.

There seems to be no general support for this view at present.

Northern Alberta Pioneers Have Unshaken Faith In Its Agricultural Possibilities

Control Of Grainpayers

It is one of the things which have made the pioneer settlers of the northwestern provinces of Canada so successful in their efforts to develop the land, that they have never lost sight of the fact that the land is the basis of their prosperity. This is the reason why they have been so successful in their efforts to develop the land, and why they have been so successful in their efforts to develop the land.

Western Water Production

Increased Output 1930 to 1931

Per Cent

A quarterly official report of the Federal Government, issued in Ottawa, has shown that the production of water in the western provinces of Canada for the year 1930 to 1931 was 1,000 per cent more than for the year 1929 to 1930. This is the first time since 1913 that the production of water in the western provinces of Canada has increased so much.

For Southern Travel

Increased by 100 Per Cent

The same report also shows that the production of water in the southern provinces of Canada for the year 1930 to 1931 was 100 per cent more than for the year 1929 to 1930. This is the first time since 1913 that the production of water in the southern provinces of Canada has increased so much.

Premier MacDonald Regards The Experts' Reports As A God-Given Opportunity

To Annul Wheat Pool

St. Catharines, Ontario, Jan. 27.—Premier MacDonald, in a statement issued here today, said that he regarded the reports of the experts on the wheat pool as a "god-given opportunity" to annul the wheat pool. He said that he was "glad to see that the experts have found the wheat pool to be a failure, and that it is time to annul it."

World Happenings Briefly Told

A resolution was adopted in the House of Commons to invite the British Government to investigate the situation in the Baltic states. The resolution was passed by a vote of 100 to 50. The House also passed a resolution to support the League of Nations in its efforts to maintain peace in the Baltic states.

FLYING WASH DASH

The Flying Wash Dash is a new type of washing machine. It is designed to save time and money by washing clothes in less than half the time of a regular washing machine. It is also designed to be easy to use and to last for many years.

Strong Arm Will Labor Party

Will Establish Pact Along International

Vancouver, B.C., Sept. 10.—The British Columbia Labour Party today announced its intention to establish a pact along international lines with the Communist Party.

The party's executive committee today voted unanimously to accept the proposal, which was made by the party's general secretary, J. H. McLeod.

The committee also decided to call for a meeting of all labour organizations in the province to discuss the proposed pact.

The meeting will be held at the Vancouver Convention Centre on September 15.

The proposed pact would provide for the exchange of information between the two parties and for the coordination of their activities.

The committee said it believed such a pact would strengthen the position of the labour movement in British Columbia.

The committee also decided to publish a statement explaining the reasons for the decision.

The statement will be published in the party's newspaper, the "Labour Voice," tomorrow.

The committee said it hoped the proposed pact would lead to a closer working relationship between the two parties and to a more effective fight against capitalism.

A NEW SHIPMENT OF
MURRAY SHOES

In All the New and Latest Styles

We have just received a new shipment of the famous Murray shoes direct from their London, Ontario factory.

These shoes need no introduction from us, the comfort, service and satisfaction they accord the wearer speak for itself, together with style and quality in every pair.

Patent Sandal

The Patent Sandal, patented by the London, Ontario factory, is a most pleasing model for all wear.

During the first week of camp, some fifty boys and their leaders were divided according to their ages, into five Indian tribes.

The smaller group, Periwinkle, was under the Big Chief (Baldie) in the person of Rev. W. L. Balfour, of Banff, who held the position of the title of brave.

ALBERTA'S WHEAT BELOW AVERAGE

Recent Rains Have Helped Late Grain and Feed Situation

It is now established that Alberta's grain crop will be below average, taking the province as a whole. Summer-fallow lands will yield from a half to a two-thirds crop in most districts, with a few localities promising very good yields. So far as the remainder of the crop area is concerned, the yield will be less than fifty per cent crop, and in certain districts in the south-eastern part of the province there will be a very light yield.

The most favorable reports now received are from the west-central and northern districts of the province, and these reports are distinctly optimistic as compared with those received a fortnight ago. Very late rains have been considerably improved the situation, and the grain crops have benefited to a certain extent, while the feed situation has been greatly improved.

The situation with a radius of 60 to 100 miles of Edmonton and eastward along the Canadian National line is fairly satisfactory, and some very good grain crops will be harvested in this territory, particularly from the west-central and northern districts. However, the prospects for good feed crops are much brighter. The rains have come to late, however, to save the hay crop, which is very light.

In the south western district, where the grain crops gave promise of heavy yields a few weeks ago, there has been a period of hot, dry weather, unbroken to any appreciable extent by rain, with the result that the yield will be considerably reduced. The crops on the irrigated areas are doing well.

In the south eastern district there will be very little grain crop harvested. In the east central districts there has been no precipitation to speak of for several and two later in the season.

STAR CLOSED TWO WEEKS

An explanation is due our readers for the non-appearance of "The Star" for the past two weeks, the reason being the very sudden death of the publisher's mother, at Waterloo, Ontario, on July 21st, and being unable to secure a man to carry on as we were forced to close the office. We wish to thank our many friends for their kind sympathy during our bereavement.

UNION CHURCH NOTES

We have nobody was disappointed by our not having service at the bazaar on Sunday last, but we thought the weather was much too cold for a service in the Pavilion, and a very enjoyable service was held in the church. If in doubt, it would be much appreciated if you would phone the parsonage between 6 and 7 p.m. on Sunday.

We invite you to unite with us at any of the following services: 11 a.m. Sunday school for all in the Union church. 3:30 p.m. Sunday school for all at Mallick.

8:30 p.m. Divine worship at Mallick.

9 p.m. Evening service, weather permitting, in the Pavilion at Poplar Beach.

If the weather is unfavorable the service will be held in the Union church. The Pastor will preach, subject, "A Thirst for Righteousness." This evening service is arranged for the convenience of those enjoying Sunday at the beach. Come and enjoy it. Minister, Rev. Ed. Biddle.

Very considerable time, and the grain yield will be light. Late rains have improved the feed crops in Peace River and Grande Prairie districts and have brought along later sown grain fairly well.

Urgent, oats and barley over practically all the province are heading out. Harvesting is expected to commence about August 21st in southern districts and a week or two later in the east central districts there has been no precipitation to speak of for several and two later in the season.

On the first day, Monday, there will be two ball games. Mirror will play Matlock at 1:30 and George will play Bashaw at 4:30 p.m.

On the second day, Tuesday, there will be three ball games. New Norway will play Meeting Creek at 1:30 and the final game will be played at 4:30 p.m. and 6:30 p.m.

Between the games on Tuesday there will be horse races and auto races so that there will be nothing boring all the time.

The usual duties in connection with the Fair will be held on Tuesday evening in the Lyric hall when the Ponoka orchestra will furnish the music. The directors are going to a great deal of trouble to make this a real successful affair and the patronage of the general public is solicited.

This year's fair will determine in a measure the future of the Bashaw Agricultural Society. The directors have decided to stand by it if the balance sheet this year does not show a substantial profit we propose a cancellation of the Fair for 1932. The directors hope everyone will jump in and help either by exhibiting or by their being present on both days at the Fair. This is a community affair and the directors have been incensed through trying to give those who live in the community a good time each year and to have twelve stony years to step out and prevent this Society from going out of existence.

We hope—and indeed pray—that our good friends and large crowds on Monday and Tuesday will be all the real boosters of an organization which has weathered through twelve stormy years and which with the moral support of the community will go forward stronger and more prosperous than ever.

ALBERTA BUTYER IS BEING SHIPPED TO BRITAIN

Shoppers of Alberta creamery butter continue to be forwarded direct from Alberta producers to the British market. This movement assumed importance last year, and the marketing of the butter direct by the Alberta manufacturers proved very satisfactory. Recently three carloads left Edmonton for Friday of this month, the first of the old country, and the car shipments have been made from Calgary. The increasing popularity of the Alberta product in the British market is demonstrated by Mrs. George Headley, who on her return from London, brought back with her a letter from her mother-in-law, who is to be made a countess in the peerage of the United Kingdom. The letter was to the effect that the butter was of the highest quality and that she had no other butter in her kitchen.

THE FIRST CARRIED OF LIVE PASTURE shipped from Alberta to the U.S. market last week.

WHEAT POOL SETS PRICE ON CROP 1923

Alberta Farmers Members Wheat Pool Set the Standard

Members of Alberta Wheat Pool will receive \$1.14 a bushel, based on number one Fort William, for wheat of this grade sold through the Wheat Pool during the last year, according to the official announcement made last week at the annual meeting of the organization. This information was contained in the annual report of the board of directors.

The pool sold more than thirty-four million bushels of wheat for the season during the year at an average price of approximately \$1.10 a bushel, heads number one Fort William. Deducting the cost of administration and making the necessary adjustments for lower grade wheat, which averaged a little better, a net selling price of approximately \$1.14 was realized.

The difference between this price and the amount actually paid pool members represents the deduction made by the directors for a reserve fund. It is also interesting to note in connection with the price which pool wheat realized that of the 136 million bushels of wheat delivered at country points between December 1st, 1920 and June 30th, 1921, one hundred million was delivered when the average price for wheat varied 1 1/2 cents a bushel.

NEWS OF THE GOLF CLUB

The Victoria Golf Club of Camrose, will be guests of the local club on Sunday. This is an inter-club match. It is expected that twenty or more of the Camrose players will make the trip.

Great interest is being taken here in the ball games at the moment between Mirvick and the Edmonton Oilers. Monday is the day of pulling back for a Mirvick win.

Bashaw and New Norway played a 1-1 tie of football at the latter club's ground. The game was played on a number of dirt.

RUDE RURAL RHYMES

VISION

There sleeps in each a better man than he has learned to be, and hunters lurk in every spot if we have eyes to see. I gaze abroad on rural scenes; I gaze on green valleys in, and mountain rises beyond them to fill and feed my eye. We should have hearts as rich as valleys and as high as hillslope high. Too many men who till the land have blinded eyes for beauty—no fault of theirs if life is hard and rough their paths of duty. To them life's onerous duty blooms are woe, and thorns to cumber, and grief and gold of forest slopes are waste, but store wood and lumber. I would that every man who tills the farm lands fair and space had eyes to see the works of God the good old William Tenny. He saw God's hand break loose the leaves from autumn-mosses stiff; he felt God's breath behind them as they through the air they drifted. He gave kind greetings to the flowers that lit the verdure he called the grass. He friendly names and felt they served. O brothers, common men, though the weeds may seem about to best us, we ought to lean upon our knees and let God's beauty rest us.

On Friday evening, September 13th, the spacious and comfortable house of Mr. and Mrs. Oscar Johnson, Lethbridge district, was the scene of a very happy party.

When about 75 residents of the district and some from Mirror, gathered on a general invitation of the hostess, Mrs. Johnson.

The evening was most enjoyable spent in cards and dancing, good music being furnished by local musicians. William H. Jones acted as manager and kept things humming, the affair breaking up at three o'clock in the morning.

A laugh, claimed to be something to remember with pleasure, was supplied by the guests. This party ended in three rounds.

Sore Foot Lambs, Corn, Caltatoes Dissolved Away

Just a few days ago, the Farmer's Foot Cure (the famous "brand" used by a lot of our back-brothers) was being advertised as a cure for corns, caltatoes, and other foot ailments. It had been some time as a matter of fact, but it was now being advertised as a cure for corns, caltatoes, and other foot ailments. Red Spies in Winnipeg

Mr. Manly's Arrests Relate to Those Which Led to Release of Albert Nashly, who was once an 'Lone' Communist in the Canadian Forces.

Winnipeg, Jan. 16.—(C.N.S.)—Albert Nashly, 18, 182 St. John St., who was born in 1929 at the age of 30, was arrested today on charges of being a spy for the Soviet Union. Mr. Manly discovered a number of letters and documents in Nashly's apartment last night.

Immediately after the arrest, the government's secretariat issued this release, stating the charges between the Canadian Forces and the Canadian Intelligence Service, which

Shawn Stupak and Pauline Perreault, co-authors of the various periodicals, were arrested during the investigation.

It is a well-known fact, in the Canadian press, that at a recent Toronto radio speech on materialism, sponsored by the United States Bureau of Information, Mr. Manly was arrested. At that conference, the speaker, in his order, were Red Spies, as they are called.

LOCAL AND PERSONAL

A Happy New Year to all. School resumes on Monday. J. Hume and M. A. Pagen are both reported ill.

Bankers vs. the world at the risk New Year's afternoon. Billy Scholts raffled off a number of turkeys on Saturday.

Don't forget the hockey game on New Year's day at 8 o'clock. Mr. and Mrs. Chas. Rothmanly spent the past week with friends at Coronation.

Bill Weiss spent the holidays at the home of his parents west of Red Deer.

Mr. and Mrs. McCutcheon and children returned from Cameron on Saturday.

The first meeting of the new 1933 council will be held on Monday night.

A. H. Sutherland, of Mecheke spent the week with Mr. and Mrs. Jas. A. Lane.

Maquerade dances in aid of the baseball club at Hivier on Wednesday night of this week.

Saturday will see the last of the daily passenger service on this line for three months.

The Anglican church Sunday school Xmas tree was let'd in the church yesterday afternoon.

The annual meeting of the Governor school district will be held at the school on Jan. 10th, 1933.

Not many will be sorry to see 1934 go. Hardly a month without frost. It saved its worst for December.

Arrangements are being made at the risk for those who wish to skate the old year out and the New Year in.

The change in train service will hardly be noticeable in view of the fact that they have been running hours late last week.

Dick Gardiner spent the past week at Chascoles, during his absence Roger Stubbs has been looking after the elevator here.

St. Peter's church Sunday school scholars will give their Christmas entertainment in Lyric hall on Friday evening, Jan. 10th.

Mr. and Mrs. Smith, of Delburne spent Christmas day with Mr. and Mrs. Gervell. Mary and Gerald accompanied them home on Friday.

The sympathy of a wide circle of friends will be extended H. J. Dahl in the loss of his father who died at Rochester, Minn., on Christmas eve.

Phone lines in the district are now practically all working. The district being lucky in that more lines were not damaged by the heavy storm.

The electric light service has been cut down to the hours of 4 o'clock in the afternoon to 12 at night with alterations as being made at the plant.

The road between Hivier and Bashaw is still impassable. Mr. Morgan had to use the railway tracks in order to get home for his services on Sunday.

On Tuesday afternoon of last week the teachers arranged for a social afternoon among the scholars of the different class rooms and Christmas gifts exchanged among the pupils. The children spent a most enjoyable time, while the fact that school closed to Jan. 10th added to the fun.

ROAD WORK IN 1934

About 600 miles of main highways indicate to Alberta during 1934 under the two-year program authorized by the legislature last session, which contemplates a total expenditure of \$2,000,000. The work was done on the chief tourist highways in the province, and as a result a total of \$250,000 has been earned by the province of the federal grant. Next year's program contemplates the building of about 500 miles of highway. Next year the work will be more in bringing the roads up to a standard, rather than building more.

These are important considerations and they should be kept in view when it comes to passing judgment at the end of the year on the manner in which the project has worked out. There is every indication that the tract as well as the indirect benefits will prove substantial. With the market steadily rising as the crop year has advanced, cotton processors cannot fail to be much better off than those who did not.

WHEAT PRICES ON TOBOGGAN SLIDE

Many Speculators Wiped Out in
Prices Tumbled Rapidly
on Thursday

Wheat prices continued on the
downward trend during the week
reaching the low of \$1.82 for May
on the Winnipeg exchange last
Saturday, or a drop of 27 cents
from the high of January 29th.

The loss was so rapid that many
speculators were unable to get
out of the market in time. Many

LIQUOR PROFITS OVER A MILLION

Figures are Told in the House by Attorney-General Brewster.

The net profit to the provincial treasury from the operation of the Alberta liquor act is estimated to be over a million dollars in a half month of last year from May 12th to January 1st, 1924.

There are some who place the net profit of the province at \$1,000,000, but the attorney-general, Mr. Brewster, stated that the net profit of the province is \$1,000,000.

The report continues that the net profit of the province is \$1,000,000.

NATURE'S WARNINGS

Indication for instance is characterized by pain in the stomach, and motion about the heart, rheumatism, sharp pains in the loins and limbs, leucorrhœa, etc. A sign that the state of stomach is one of order is some albumen such as whey, milk, or fat as prominent in the vomit. Nature's warning take the form of nausea, vomiting, or other effects of derangement of the lower and middle of appetite. What is the focus of the morbid action? Is it in the stomach? Is it in the liver? Is it in the lungs? The fact that many diseases originate in poor blood, and that when the blood is enriched the morbid disappears. Dr. Williams

My mother was most helpful in America because they taught me to be thankful to be blessed to live in normal strength. This way if I lose my strength, it gives me the appetite and gives me the strength. Miss Haglund said, "I was not a nurse, but I loved the great teacher, the Lord, and said, 'I was a girl and I had been working in a factory for the past 100 years. For 100 years I had been in such pain with that at times I could not work. I was thin and pale, and trembled with weakness and fainting spells. I suffered nearly all this time, but it didn't help me.' My mother advised me to take the Williams' Pink Pills, and

The calling of a conference of Boards of Trade throughout Central Alberta by the Edmonton board to meet in the capital city next week has met with pretty general support throughout the province. The interest in finding ways and means to "pull off" the present depression and also to make plans for the future.

If such a gathering can find the cause of the loss of population, and of which every section must take its share, and can institute some method that will halt the movement, the conference will have accomplished a great deal. While on the other hand the discussions re the needs of the various districts and the problems of each should be better understood and a move possibly made.

Accurate data gathered from such a meeting will also benefit in assisting future settlement of the vast areas now coupled, and new settlers arriving will be furnished with first-hand information that has long been a need.

...sufficient faith in this great province to believe she will attain a place of prominence through in good stead. It is possibly such a conference as proposed will hasten the time, but a conference or no conference gains in two or three just average crop seasons and there will be no need to seek new arrivals, the future of Alberta's prospects would spread so rapidly that one would not be able to keep the new comers out with a shot gun.

The new "summer resort" folder issued by the Canadian National Railways is now being distributed throughout their system and calls attention to the many holiday resorts of the west. It gives accurate information on the many places to visit and the many things to do together with many illustrations of the popular lakes and mountains of the West.

Of particular interest local to the inclusion of Bushaw's report "Poplar Beach" a description of which occupies an outstanding position on page 19 of the folder among "Alberta Resorts". This publicity will undoubtedly prove most valuable and will draw the attention of a vast number of holiday seekers to the many advantages and attractions of this resort. The article in question reads:

Resort.—This resort on Buffalo Lake is two miles distant from Ashbow. The lake is 16 miles long and has 137 miles shore line. It is 12 miles wide and closely resembles a buffalo in shape. The beach is sandy and clean and quite safe for children. Boys and girls' camps are formed during the summer holidays. A fine popular resort there is an excellent golf course. There is also ample opportunity for bathing, boating, fishing, tennis and baseball. Cottages may be rented.

The food question is becoming serious with many these days.

stern members expressed the opinion that the district traversed by the 190 miles of Madison's Gray Roadway in operation had great agricultural possibilities.

U. S. A. H. May, Progressive, Springfield, commented to Hon. W. R. FOURTH ANNUAL TOUR TO THE PACIFIC COAST

Special Train from Winnipeg via Grand and National River, 25c. Round Trip Provided for at Var. Low Points of Interest on Route

PERSONALLY CONDUCTED

Personally conducted tours offer the best opportunity for familiarizing oneself with the country traversed. This applies to our own country as well as to the other settled countries of Europe. Canadian National Railways has for many years, commencing immediately after close of school for the summer holidays, conducted special parties to the Pacific Coast via Prince Rupert. This year this year, which will be the fourth, will again commence at Winnipeg, from which point a special train of modern sleeping car equipment, dining car and rapid observation car, will leave July 8th. After stopping at various points of interest, the train will arrive at Prince Rupert on July 11th. At this latter point the party will embark on a special steamer for a cruise of 200 miles through the famous "Inside Passage" to Vancouver. While the tour terminates at Vancouver, those who desire it make a trip to Victoria, may have their own "inside" or "outside" tour to their destination without any additional cost.

This tour is an outing that appeals strongly to teachers as well as to professional men and business men of various ranks.

The local agent of the Canadian National Railways will be pleased to give you full particulars of his tour, including cost, choice of routes returning, etc.

DESIGNS AFTER 30 YEARS SERVICE AS SECRETARY

After over twenty years service as secretary of the Municipal District of Lakeside, G. A. Wells has retired to his home as a result of ill health since taking office being placed on leave of absence for several months and then of June.

In the retirement of Mr. Wells the district loses one of its most efficient, capable accountants whose work in the interests of the district has been untiring and who has had much to do with the present efficient financial position of Lakeside District.

Mr. Wells took over the secretary's work when the district was a Local Improvement District in 1903 and has continued from that date to the present. While retiring from the secretary's position, Mr. Wells will continue as a resident of Lakeside.

One of the last of those who have been ordered to retire by his doctor and it is sincerely hoped that the change will soon restore him to full health again.

James A. Marshall became secretary of the district on July 1st and the district is to be congratulated on securing a secretary of the ability of Mr. Marshall, who has had wide experience in most of those where he has been ordered to retire by his doctor and it is sincerely hoped that the change will soon restore him to full health again.

ALL RECEIPTS OF \$10.00 OVER MUST BE STAMPED

For Receipts of \$10.00 and over must carry a revenue stamp in the receipt issued by J. R. Galtier of the Customs Customs office.

There is a tendency to let this stamp be overlooked and as a result the department is taking steps to enforce the act and a check-up is being made on the country.

Stamps are also required on counter slips of sums of \$10.00 or over paid on accounts. In fact any acknowledgment of the receipt of money for sums of \$10.00 or over requires a revenue stamp.

Merchants, farmers and all who issue receipts will be advised to pay more attention to this matter and thus save themselves from prosecution and a possible fine for not complying with the law.

MOISTURE SUPPLY AMPLE AT PRESENT

moisture conditions throughout the district continue to improve with each shower of rain which for the past week has been since Wednesday last and some cases amounted to what the past four years would have termed a real good rain. Crops throughout this area are looking better at this time and not for a long, long time. Some forecasters say with the

cutworms, which a week ago were reported to be doing considerable damage, are not now so numerous or the grain has, as a result of the continued showers, outgrown them. Pastures are verdant, and hay is now from two to three times its height

ACTIVITY IN OIL FIELDS

Not in the history of the province has there been so much activity in the oil fields as in this season. The chief activity is in the Turner Valley district south of Calgary, where the first strike of oil was made in 1914, and where now there are several producing wells.

BAHAW LOST TWO GAMERS

The local baseball team lost

the short end in two games last

past week, losing to Mirror on

Wednesday night by a score of

6 to 3 and to the local team

by a score of 7 to 4.

The Mirror game was featured

by a wonderful catch by

Clayton in the 9th inning which

robbed Ralph Cross of his third

bagger and saved the game for

Mirror. Jim Cairns, catcher,

made a good play and the locals

found him for his first hit.

TRAIN BIRTH BOY

In place of wishing the school of agriculture at Vermilion for the training of British born boys this fall and winter, the Vermilion school will be responsible on the school for the boys who will be in operation, and the British boys who come out for training will be distributed according to convenience among the three schools. This will mean that any young men coming from British or elsewhere to work in Alberta and who wish to take courses offered in the agricultural schools will be able to do so on the same basis as say boys or girls in Alberta. The schools are open to any who wish to make application for the free courses. The provincial government is asking the Owens Settlement Board to make a contribution toward the cost of educating the boys who come from overseas, but at any rate the schools are open to all who wish to make application.

Ladies Flarettes

The provincial labor bureau during the month of May placed the total of 2,283 men in the which 2,283 were placed in agricultural work, and 228 on rural construction. In the same period a total of 718 women were placed in positions.

Teachers' Summer Session

The summer courses for teachers will be held at the university this year from July 6 to August 4, and the attendance is expected to be fully up to former years.

HEAVY DAMAGE BY HAIL ON SATURDAY

Hail on Saturday night caused heavy loss throughout Grouse district, southwest of town, in a storm that cut off a wide swath, reaching its height about six o'clock and lasting about a half hour. The snow swept being about five miles wide by about 18 long.

The crop damage is variously estimated at from fifty to one hundred per cent, the worst hit possibly being G. Olsen and O. Olsen where the entire crop is gone the hail cutting it clean off. Others in the path of the storm estimate their loss at from fifty to seventy-five per cent, the area struck gave off the appearance of water following the downpour which in some cases is said to be as big as quarters.

The storm was one of the worst in years both in area hit and intensity. Other points in the district report hail in the same storm, but no damage.

KICKED BY HORSE

Wilbur Sutley, eldest son of Mr. and Mrs. S. W. Sutley, seven miles southeast of town, was seriously injured Monday when he was kicked in the abdomen by a horse. The lad was rushed to the Carstairs hospital on the afternoon train, his condition being most serious.

Born—To Mr. and Mrs. Philip F. Wilbur, in Edmonton, Thursday, July 26, 1923, a son.

WEDDINGS

GARDINER-HUMPHRIES

A very pretty wedding was celebrated in St. Peter's church on Thursday last when Miss Helen Gardner, eldest daughter of Mr. and Mrs. Neville Gardner, became the bride of Mr. Edward Humphries, Rev. Mr. Morgan officiating.

The bride, charmingly gowned in pale pink brocade and carrying a sheaf of white roses, entered the church on the arm of her father to the strains of Mendelssohn's wedding march played by Mrs. E. F. Cranston. The bride was attended by her sister, Miss Bessie Gardner, while the groom was supported by a former classmate, Mr. Horne. The ceremony during the signing of the register by Mr. James A. Marshall sang "Oh Perfect Love."

After the ceremony the guests numbering about thirty, retired to the home of the bride's parents where a beautiful wedding breakfast awaited them.

The church was beautifully decorated for the occasion and a large number of friends and relatives gathered to witness the wedding.

The bride's travelling costume was a smart ensemble suit in white tulle. Mr. and Mrs. Gardner left on the south train for Edmonton, where they will be met by a party of friends and a host of friends gathered at the station to wish it all her success through life and needless to say, to bid the bride and groom as they go their separate ways.

RUDE RURAL RHYMES

THE POINT OF VIEW

The manhood town of Hudson's mile with school and church is well supplied. It also has at its disposal a number of the down-down points. Said Deacon Jones, who go to-narrow to that deep kind of sin and sorrow, that modern Boston and Governor's Jones wrote his wife a letter strong—'I don't know why she won't alone. "Dear wife, I said he, the women's dress is filling me with dirt, and I don't want to go to the revealing, to my new and cozy line. By cracky, if them g'ds was mine I'd eat a wild cat and they'd kick the bones in this. I judge they're not. The city reek with vice and crime, the papers write it all the time." His wife, despite the deacon's frown, came later on to see the town. Said she, "I think you're wrong, my dear, in slapping the ladies here. They seem so dirty and wide awake, in love with life for life's own sake. If I were young again I'd be like them, uncorrupted and free. I love the lights along Broadway, the heavy, kindly folk by day. I've seen so many trees, the maid and rosy by the fountains instead." Now who was right, good Mrs. Jones or Deacon with his lugubrious tones? Why both were right, it seems to me for what we see in what we see.

DEATH OF PETER WILSON

Mr. R. P. Wilson, known to many friends as Pete, died in Cook County hospital, Chicago, at 8:30 a.m. June 27th.

He was born at Lee Centre, Mich., U.S. Dec. 24th, 1864, he came to Canada with his parents in 1873 and lived on a farm in the Bashaw district until he joined the C.P.E. in 1897 and served in Siberia until the close of the great war. He was later engaged in farming but went to California about two years ago where his parents followed him. The recent winter was spent in Chicago where he contracted C.

He was a young man of sterling morals and never belied his good, clean record and many friends to mourn and remember him. His parents Mr. and Mrs. C. H. Wilson and brothers Jim and Andrew Wilson were with him through his illness. He also leaves one other brother and two sisters.

Collapsing at both Poplar Beach and Buffalo Beach are slipping up.

British Government Consults Tokyo and Washington Regarding Situation

London, The Daily Express writes, is in constant touch with Washington and Tokyo regarding the Chinese situation, and the opinion is expressed in official circles here that the way will be cleared soon for a settlement of the present for adjustment of the Chinese customs. This, in turn, will offer an opportunity for the power to cooperate with China in settling the

well. It is a fact also that the season has not prevailing in drying out, which means that wheat so specially as to prevent the proper maturing. Consequently this will have the effect of reducing the yield.

The drought has had a serious effect on pasture and feed crops and in many districts the pasture, which was so important in the early part of the season, has failed rapidly. Feed crop prospects have also received a setback and the greenfeed yield particularly will not be up to early anticipations. While a general shortage is not looked for, certain crops will be dependent upon others for their food supply during the coming winter.

Rye crops are also in the south but the yield will not be heavy, rye, some timothy and alfalfa have done well in the south.

Harvest labor needs for the province are placed at present at 14,000 by the provincial labor board, which is a figure not obtainable with the province as the policy of the government is to use all available labor in the province.

Mr. Green then asked the audience to consider how they would react if they were in the shoes of the man who had been arrested and starved. The audience helped to give a well-thought-out answer to that question. To put it simply, they would not want to be in that position for a long time. The audience's reaction was quite negative.

FREE INSULIN SUPPLIES

Free insulin supplies will be provided by the Alberta department of health in cases where the patients are not able to obtain supplies. Mess. George (Hendley, minister of health, announces this as a new government policy to be maintained through that department. The minister's attention to the matter was invited a short time ago by the editor of the *Edmonton Herald*, who reported a number of cases in need of treatment, but unable to meet the cost. It has now been decided to provide insulin for all such cases making application, and supplied with insulin out from the health department in Edmonton. Each applicant will be reviewed and dealt with on its merits, and no consideration as to medical diagnosis and financial circumstances will be made before issuing the supplies. Alberta will be the first to adopt a similar course to that already taken by the province of Ontario.

A Unique Trail

Arctic, Alaska. A 100- mile long, stretches across Alaska from the Arctic Circle to the Gulf of Alaska. The trail marks the route of the first expedition to the North Pole. The trail is a unique one, for it is the only one of its kind in the world. It is a trail of discovery, of adventure, of the unknown. It is a trail that has been traveled by many of the world's greatest explorers, and it is a trail that is still being traveled today. It is a trail that is full of history, and it is a trail that is full of mystery. It is a trail that is worth the journey, and it is a trail that is worth the effort. It is a trail that is worth the risk, and it is a trail that is worth the reward. It is a trail that is worth the journey, and it is a trail that is worth the effort. To become active and energetic, like most red-blooded Canadians, these people need a blood building tonic.

Wherever you find a person who has taken Dr. Williams' Pink Pills faithfully you find an enthusiastic friend of the tonic that has made his muscles strong in many ways. These blood-making pills have been used by three generations of Canadians and in almost every community, however small, you can find those who owe health and happiness to this famous blood-making remedy.

Abstract—The purpose of this study was to determine if the use of a computerized system for recording and analyzing gait data could improve the accuracy and reliability of manual measurements. The system used a video camera to capture gait data and a computer to analyze it. The results showed that the computerized system was more accurate and reliable than the manual system.

Astronomical Unions
Canada is Represented At Meeting Recently Held In England
Canada's position in the realm of astronomical research is indicated by the leading part taken by the Canadian delegates at the second triennial meeting of the International Astronomical Union held at Cambridge, England, from the 14th to the 22nd of

July, 1925. The union, which was formed in 1919, is now composed of twenty-two countries; Canada has been a member since 1920. General meetings of delegates are held every third year for consultation and the arrangement of international co-operation in astronomy. In the intervals between meetings international co-operation is looked after by twenty-eight standing

of astronomical research. Canada is represented at several on some of these committees and, considering the Dominion's population, this is perhaps the largest representation enjoyed by any country.

Canada's membership in the union is on behalf of the Government, through the department of the Interior. The department has also agreed to be

CONSERVATIVE MEETING (Continued from Page 1)

In the west," said the speaker. Reviewing the Hudson Bay railway, Mr. Scott stated that he had personally covered a large section of the country as well as the Hudson Bay. Due to the low mud flats of the bay the cost of a harbor would run in a huge sum of money as it would have to be dredged, but he believed that some day the line would be completed.

The speaker denied rumors or amalgamation of the two railway systems, stating they were much better as they were. He reviewed the Australian treaty which he stated would seriously affect the dairy farmers of Alberta, that it would undoubtedly lower the price of butter fat at least three cents a pound and at a time when the farmer of this province could least afford the cut, the egg market would also feel the effect of the new treaty in lower prices.

The meeting was brought to a close by the singing of "God Save the King."

All grain prices show a rise of a few cents this week, lower grades not so much as the higher ones.

PROGRESSIVE MEETING (Continued from Page 1)

government was in the railway business so the funds were secured from the state industry, going further to show the amount of protection accorded this industry and its growth during the past twenty-one years.

Speaking of lower freight rates he stated this was not possible until more tonnage was furnished and this could only be done by a greater population and lower freight rates under present conditions would mean bankruptcy for the railways.

He stated he was not in favor of doing away with the senators as frequently blocked unwelcome legislation but that he considered the senators should be elected.

He appealed to the electorate for support for the Progressive movement which had made headway in securing wins and legislation in the four years, and would endeavor to safeguard the public's interests in future.

Mr. Vernon Smith, minister of railways and telephones in the Alberta government, was also present but owing to the illness of the afternoon and the fact that the hall was getting cold he did not remain for the remarks.

The meeting closed with the singing of "God Save the King."

City and Country Co-operation

The City Beautiful Activity Pack

Many years ago city people tried to re-form country people, and country people tried to reform city people. While much of this verbiage of words was fairly good natured, yet it did not always result in the best of results. Some cities destroyed all co-operation. Today, the cities and country regions are working together to make each other dependent. It is to be feared for city and country to quarrel, so to quarrel with each other is to quarrel with the help. The time is fast coming when the cities and country regions will be recombined as indissoluble units with identical interests. The city people are now working hard to try to increase the wage business, and I trust people will work for the advantage of the country. It is a strange support for their enterprise, but

level ground in Southern Alberta and the country people are now the majority. The same authentic people in the cities when they would be so very much in the wrong to the country side of the cross.

It is a very thrilling development that the cities and country regions of Western Canada, instead directly and indirectly, apart from the revenue derived from the cities, are now working together for a really mutual assured, an improvement in the general welfare of the country. The cities and country districts is to be supported by the development of a Bureau of Agriculture and Commerce, which will be the raising of a whole new level in the United States. The cities and country regions are now working together for the greatest future in the prosperity of Western Canada, and there is every prospect for expansion of the cities and country regions.

TRANS-CANADA TRIP OF

FORD CAR A RECORD

Completed the first Trans-Canada tour made by an automobile under its own power in the history of the Dominion, the pioneering Ford car has reached Vancouver, B.C., after a 4781 mile trip from Halifax.

The car left Halifax, Sept. 24, a trip designed to stimulate the building of the transcontinental Canadian highway and to draw the world's attention to Canada's wonderful scenic resources. Undeterred by blinding snow storms hundreds of miles of slushy gully roads and a most treacherous, rocky, the lead-bound Ford reached Vancouver, B.C., on Oct. 17th.

Equipped with fenders when the car was dispatched on a special tour for 361 miles through country of Canadian peace he returned safely to Vancouver the day after his long journey.

Bearing a message from the Mayor of Halifax to the Mayor of Vancouver, the car traversed country heretofore regarded as impassable for automobiles. It was reported in perfect condition on arrival when Mayor L. D. Taylor headed a reception committee of prominent business men.

Medium pictures of the scenic and economic interest were taken at intervals. The Mayor will be shown by Ford Corporation throughout the British Empire to encourage immigration to Canada, its financial benefits and its many fine roads.

An extraordinary event of the tour was the first crossing by automobile of the new Quebec bridge on Sept. 14th when Dr. P. D. Daulton, Mayor of the City of Montreal, and a Canadian road construction man got out of the car.

At the end of the trip, the car was shipped from Vancouver to Toronto by rail and will be exhibited at the Royal Winter Fair.

Mr. Hartmann, who has been in the history of the Dominion, the pioneering Ford car has reached Vancouver, B.C., after a 4781 mile trip from Halifax.
